

## Making Sense of Sensory Processing

SPD education in a class all its own

Join us for virtual education where innovative technology allows you to move freely and make choices. Go to any lecture room you wish, stay as long as you want, and come back right where you left off. Click on interactive people and objects throughout the campus. Listen to parent stories, watch children in therapy, see video commentaries, get continuing education credits. No talking heads, no grainy recordings of conferences you missed, no same-old tired online delivery!

### At the SPD Learning Campus, you will learn...

- How to identify, differentiate among, and treat the three Sensory Modulation Disorder subtypes - Sensory Over-Responsivity, Sensory Under-Responsivity and Sensory Seeking / Craving
  - How to identify red flags and behavioral issues for each subtype
  - Overview of assessment and diagnosis
    - SPD compared to Autism and ADHD
    - Family dynamics
    - Parent education
    - And much more!

The Sensory Processing Disorder Foundation is an AOTA-approved provider of continuing education.
