

Help Us Help!

Here are just a few of the ways ...

- **JOIN the SPD Foundation** as an Individual/Family, Professional, or Business Member. Your dues provide support for our missions of research, education, and advocacy.
- **ENROLL in our SPD University e-Learning courses** or tell a friend, colleague, or service provider about our online classes. E-Learning courses promote knowledge of SPD in an engaging interactive format and help underwrite SPD research.
- **SUPPORT our Business Members** by clicking through from the Find Products page at www.SPDFoundation.net and shopping on their web sites.
- **Tell your OT about our Intensive Mentorship program** offered most months. This small group training provides clinicians with a unique opportunity to receive training in assessment and intervention for SPD and other sensory challenges. Guided by Dr. Lucy Jane Miller and Dr. Sarah A. Schoen.
- **ATTEND our Symposiums** or tell others about them. We offer one international SPD Symposium and three feeding workshops per year in different locations around the country.
- **SUPPORT our research, education and advocacy initiatives** *buy* the minute or the hour. Whether you donate at an SPD Foundation event, online at our website, by mail, fax, or telephone, every gift helps underwrite the research crucial to advancing SPD knowledge, understanding, and recognition.

Visit www.SPDFoundation.net to find more ways to help us help.
